HAND HYGIENE IS KEY TO DISEASE PREVENTION

Staying healthy is a contributing factor to high performance. There are germs and bacteria everywhere in the workplace. Desks, phones, mouse and keyboard can all hold millions of bacteria and germs and are easily spread.

According to the [CDC](http://www.cdc.gov) (Centers for Disease Control and Prevention), good hand hygiene is one of the easiest, most important steps we can take to avoid getting sick and spreading germs to others. By having hand sanitizer close by, we can clean our hands conveniently when soap and water are not available. This helps eliminate the potential of picking up germs and passing them on to the people you care about when you go home.

Ciocca Cleaning & Restoration is a distributor of Purell® Instant Hand Sanitizer. Whether it's a free standing dispenser or a unit on the wall we can deliver and/or install a unit in your office. Also, there is now a Purell® Green Certified Instant Hand Sanitizer. This helps promote health and well-being while reducing environmental impacts.

We carry hand sanitizer, cleaning products, supplies and dispensers, to service your janitorial and supply needs. When you order your supplies from us, your dispensers and installation is at no cost to you!

EMPLOYEE OF THE MONTH:

- *Cindy Johnson*

“Cindy the housekeeper” has been with our company since March of 2009. We recently received a letter from one of the ladies in management at a facility where she cleans. She was ecstatic to find that Cindy, without anyone knowing, found a \$20 dollar bill (belonging to the writer of the letter) and left it with a note on her desk. The writer commented on the type of honesty and respect Cindy has for another human being and how glad she is to have her cleaning for them. Cindy is a loyal employee with a great sense of veracity and integrity. We are so glad to have her on our team!
