HAVE A DIRTY RUG THAT NEEDS CLEANED?

Rugs tend to take a lot of abuse and get a lot of wear; especially ones that are in high traffic areas, such as a Great Room or Living Room. For many years we have offered Oriental and Area Rug cleaning services. We have a specially designated area for cleaning of rugs, to give the best quality care and most efficient cleaning to your favorite pieces. This also allows for inspection of rugs before and after cleaning, identifying any potential issues before we clean, or any touch ups that may be needed after cleaning. Call us today and get a quote for cleaning your rugs! The great thing about rugs is that they are portable. Pickup and delivery of your Oriental or Area Rug is at no additional charge. We bring these back to our facility to allow for proper cleaning, drying, and packaging them up before returning them back to you!

EMPLOYEE OF THE MONTH:

- Tana Talarico

Tana has been with our company for a year. Recently Tana did a very noble thing. She was at one of the medical facilities we clean for and during her daily cleaning she found an envelope with an unidentified sum of money on a table in the waiting room. She immediately turned the envelope in to the front desk. A couple later returned hoping that someone found what was their envelope of bill money for the entire month. The couple was elated that someone found and turned it in. Tana is an honest employee with a great work ethic, who possesses many good character qualities that we appreciate. We are proud to say she is a valued associate!!
